

A DRY WASH DESIGNED TO HELP SAVE YOUR SKIN.

Based on green chemistry, Whitmore Aviation Dry Wash is a versatile, concentrated cleaner and degreaser, ideal for removing oil, grease, tar, salts, insects, dirt and grime from aircraft and airport ground support equipment. This Dry Wash contains no solvents, is water based, biodegradable and conformed/approved for Boeing D6-17487, AMS 1526C and Airbus AIMS 09-00-002.

- *Removes grease, tar, salts, oil, dirt, grime and insects*
- *Environmentally safe/biodegradable*
- *Minimal agitation needed*
- *Zero VOC*
- *Excellent freeze/thaw stability*
- *Various application methods*
- *No dwell time*

AVIATION DRY WASH—CLEANER AND DEGREASER

Whitmore Aviation Dry Wash will not fade, stain, soften or otherwise damage aircraft surfaces. It is ideal for both painted and unpainted aircraft surfaces. Unlike other cleaners and degreasers, it has no flash point and is free of hazardous air pollutants, which helps keep your maintenance crews safe while still cleaning better than the leading competition. With no VOCs or HAPs, this Dry Wash is biodegradable and requires no special application or disposal procedures. This easy-to-use formulation requires no dwell time and less manual surface scrubbing, saving significant time and money.

Appropriate for exterior aircraft surface, wing to body fairing, landing gear and door, radar dome, wheel well and door, flap and slat, jet bridge entry, engine compressor wash and airport ground support equipment to include maintenance vehicles, fuel trucks, baggage trucks and more.

Specification	Whitmore Aviation Dry Wash	Leading Competitive Product
Use in high humidity	Yes. Applicable in high humidity or light rain.	No
Boeing D6-17487	Approved/Conformed	Approved/Conformed
AMS 1526C	Approved/Conformed	Not tested
Airbus AIMS 09-00-002	Approved/Conformed	Not tested
Water based/soluble	Yes	Yes, water dispersible
Flash point	None	Yes (142°F) per MSDS
VOC	No.	Yes. 3.0 lbs/gal as is
pH	6-8	10.6-10.8
Odor	Mild	Petroleum-like solvent odor
Color	Transparent amber	Milky amber
Wax type	No	Yes
Dried consistency	Dries hard and tack-free. Removable with a wet towel/pad; rinses off in rain.	Flaky when dry. Removable with difficulty.
Removing greases	No dwell time; apply and remove.	Apply 5-15 mins till full dry, then remove.
Indoor use	Yes. No health hazards.	Yes. May use indoors in well-ventilated area. Hazardous solvents.
Freeze/Thaw stability	5+ cycles	0 cycle

Application Instructions: Apply to surface to be cleaned with a clean and dry cloth, hand mitt, sponge, trigger or pump up sprayer, then agitate to emulsify. Wipe off excess and dry with a clean towel. If any haziness remains, spray lightly with clean water or moisten a clean cloth pad and wipe to remove. No ventilation or special equipment needed.

- No ammonia or phosphates
- HAPs free
- No flash point
- No ventilation or special equipment
